

Progression Agreement

2022

Between OCN London
Access to HE Diploma courses
and Goldsmiths, University of London
undergraduate programmes

Goldsmiths
UNIVERSITY OF LONDON

Goldsmiths' commitment

Goldsmiths is committed to promoting access and diversity and this is clearly reflected in the diversity of our student population. We have a strong tradition of recruiting mature students, with 22% of our undergraduate students aged over 21.

OCN London works in partnership with educators, training providers, charities and employers to help transform people's lives through learning. The OCN London focus is on providing opportunities for people - many of them 'second chance' learners

who have missed out on traditional education - to progress and achieve their goals.

Goldsmiths has always valued the Access to HE Diploma as an academically strong qualification giving students a solid foundation for higher education study.

Goldsmiths is therefore delighted to present this agreement with OCN London, which validates Access to HE Diplomas throughout Greater London.

Admissions agreement

See tables for details of the admissions agreement, listed by academic department

Please note: The offerings in these tables are subject to an application being submitted via UCAS, a personal statement relevant to the subject applied for and relevant units being undertaken within the Diploma. Goldsmiths reserves the right to ask for a new statement where necessary.

If you have already completed your Diploma or are doing a Diploma in a subject not listed, we would still be happy to consider your application. Please contact the Admissions team for further information. Email: admissions@gold.ac.uk

Support for students and colleges

Student Recruitment and Widening Participation staff from Goldsmiths will be available to OCN partner Colleges to provide information, advice and guidance on the programmes available to study at Goldsmiths. Staff will be able to advise on progression routes, personal statements, HE choices, portfolio preparation and student finance.

As a partner institution, we will work with you to agree and select the best available combination of activities to best meet your access learners' requirements.

Please find a list of activities that form our current offer to schools and colleges on the following pages. In addition, all students will have access to a guidebook, created to support mature students considering or entering Higher Education.

Talks and workshops

Our experienced and engaging team delivers talks and workshops on a range of subjects relating to higher education. These can be delivered in colleges, or as part of a bespoke visit to our campus.

Our range of talks and workshops includes:

- Choosing a university
- Choosing a course
- Student finance and budgeting
- The UCAS application
- Personal statements
- Studying at Goldsmiths
- Student life
- Studying in London

These workshops would normally last for around 45 minutes, and we are happy to discuss bespoke workshops and combining two or more sessions into a longer session.

The team also delivers dedicated Personal Statement support throughout the application process. We can provide workshops for groups of students at the beginning of the process as well as one-to-one consultation.

Goldsmiths offers a range of subject-based taster days that give prospective students the opportunity to gain an in-depth understanding of teaching and learning at university level. Developed and delivered by leading academic staff, the sessions aim to stimulate enquiry, broaden knowledge of the subject area, and introduce students to a wider network of academics, undergraduate students and peers. Through this Progression Agreement, students attending a taster day can be introduced to a current Student Ambassador who has also come via an Access course to discuss their journey to HE.

Open Days

At our Open Days students will be able to:

- Discuss study options with academic staff
- Meet other mature students, and receive tailored information and guidance
- Go to course information sessions and sample lectures
- Tour Goldsmiths' lively, vibrant campus, or explore our campus using our virtual tour
- Get advice on financing their studies
- Experience what student life is like
- Ask current students about their experiences of university so far

Pre-Enrolment support for incoming students

To ensure all OCN Students feel fully supported and equipped to achieve their potential once they are confirmed as an incoming Goldsmiths student, they will be prioritised on the Goldsmiths transition programme.

Students who apply through this Partnership Agreement will also be prioritised for the Student Ambassador Scheme, providing they are successful at the assessment day.
